Check either A or B, as applicable:

- A. I attest that I am familiar with the insurance market and this particular risk cannot be placed in the admitted market. I understand that the requirement to satisfy due diligence by documentation that the coverage required was not procurable after a comprehensive search was made from a minimum of three admitted insurers is waived on this basis. This constitutes my written record documenting knowledge of the insurance market as required by 3 CCR 702 Reg. 2-4-1 s 7.
- B. I attest to completing a diligent search of the admitted market required by Colorado prior to binding coverage for the insured listed above through PURE Programs. The full amount of insurance required was not procurable, after a diligent effort was made, from among admitted insurers authorized to transact and actually transacting this kind of insurance in this state. I further attest that placing the insurance with a non-admitted insurer is not for the purpose of securing a lower premium rate than that which would be accepted by an admitted insurer, or that the premium rate quoted by the admitted insurer was more than 10% higher than quotes by the non-admitted insurer.

The results of the diligent search will promptly be provided to PURE Programs upon request in the event of a regulatory review.
