

Diligent Search Attestation

Nevada

Insured Name _____

Line of Coverage High Value Home under Construction

I have determined that, as per the definition as stated in the federal Non-admitted and Reinsurance Reform Act of 2010 Section 527, Nevada is the “home state” for this policy.

In addition, the insured was expressly advised prior to placement of this insurance in the surplus lines market that:

- A. The surplus lines insurer with whom the insurance was placed is not licensed in his state and is not subject to its supervision.
- B. In the event of insolvency of the surplus lines insurer, losses will not be paid by the Nevada Insurance Guaranty Association.

I further certify that I have made a diligent effort to place this insurance with at least three insurers admitted to write business in Nevada for this class. I am unable to place the full amount or kind of insurance with insurers admitted to transact and who are actually writing the particular kind and class of insurance in this state. I am therefore placing this insurance in the surplus lines market.
